## Ambrella of Planes Protecting Anglo-American Army's Advance

### IN SOLOMONS

## Japanese Admit Heavy Losses in Naval Battle

NEW YORK, Nov. 18.—(AP)—Japanese headquarters admitted today the loss of one Japanese battleship, the damaging of another, the loss of one cruiser and three destroyers and damaging of seven Japanese transports in the third Solomon's naval battle.

The Japanese also lost 32 planes which dived into the

enemy and nine other planes did not return.

This marked the first Japanese report of the loss of a battleship.

The United States Navy already had announced two days ago that American naval forces in the Solomons in the most recent battle sank a battleship and damaged another.

**NIPPON CLAIMS**

The Japanese claimed their five destroyers and heavily damaged two battleships, three cruisers and three or four destroyers in the battle from Nov. 12 to Nov. 14.

They also claimed they sank one transport and heavily damaged three transports.

This contrasts with the Navy's announcement that the United States naval vessels reported sunk in action Nov. 13, 14 and 15 were two light cruisers and six destroyers while details of the engagement, which began

### ALLIES ACQUIRE MANY SHIPS IN AFRICAN PORTS

LONDON, Nov. 18.—(AP)—The ministry of Economic Warfare announced today the Allies had acquired between 20,000 and 300,000 tons of merchant shipping as a result of their entry into North Africa.

It said about 120,000 tons of shipping was laid up in North and West African ports, and estimated that at least a third of the tonnage which normally operates between France and North Africa—another 120,000 tons—also would be taken over by the Allies.

### Germans Gain Little Ground At Stalingrad

By HENRY C. CASSIDY  
MOSCOW, Nov. 18.—(AP)—At the end of the first week of the offensive, the Germans today had gained only a few yards in persistent and costly efforts to occupy the northern factory district for winter quarters.

The army newspaper Red Star said the Nazis had been concentrating their attacks on the city for about 400 yards, trying vainly to break through to the Volga.

Although ice flows in the river have complicated the Russian supply problem temporarily, the defenders have been holding their lines generally and taking a heavy toll of Nazi lives and equipment, it was reported.

### COSTLY STALEMATE

The Germans have been held largely on the defensive for the last week in the Caucasus, where the Russians have been harassing them with counterattacks in the Nikinsk area and with scouting raids around Tzupia, battle districts.

Generally the battle picture of a stalemate costly to the stalled Axis armies holds from day to day with the minor changes in the lines tending to offset one another.

Pointing up their arguments that the sanguine push-and-pull along the winterfront front is breeding the Axis while the tide of Allied power rises steadily, midnight communiques told how prisoners recently taken from German motorized and tank regiments acknowledged losses so heavy that the German army had lost 100 men were left with only 10 or 15 left.

### Vancouver Island Woman "Bombed"

By H. C. BROWN  
VICTORIA, Nov. 18.—(CP)—Mrs. Bramhall today claimed, without undue enthusiasm, the distinction of being the first Vancouver Island resident to be "bombed" in her home as R.C.A.F. authorities inquired into the dropping of practice bombs in the nearby Cordova Bay area yesterday.

On his return to civilian life, Dr. Kendall did not resume medical practice, but took up farming near Windsor, N.S., where he has lived up to now.

Mrs. Kendall is a daughter of the late Senator John S. McClean.

### Premier Names N.S. Governor

OTTAWA, Nov. 18.—(CP)—Prime Minister Mackenzie King today announced appointment of Dr. Henry Kendall of Windsor, N.S., as lieutenant-governor of Nova Scotia.

Dr. Kendall, who has been a member of the House of Commons for many years, has been asked to relieve the duties of that office.

Mr. Mackenzie's resignation has been accepted by the governor-general. Dr. Kendall practiced medicine in Newfoundland and Sydney, N.S., until the outbreak of war in 1914 when he joined the Canadian Army Medical Corps. He served during the whole war and rose to rank of lieutenant-colonel.

On his return to civilian life, Dr. Kendall did not resume medical practice, but took up farming near Windsor, N.S., where he has lived up to now.

Mrs. Kendall is a daughter of the late Senator John S. McClean.

### Today's War Moves

By LOUIS F. KEEMLE  
It is good to hear from the President of the United States that he considers the turning point of the war has been reached, and also to have him warn that there is still a uphill fight ahead and that there can be no "coasting to victory."

His warning is a reminder that the news of the past two weeks has been so good from all fronts that it might be tempting to optimism and a relaxation in the intensity of the war effort.

There can be no such thing as Japan has at least one more powerful

### Administration of Madagascar Coes To Fighting French

LONDON, Nov. 18.—(CP)—Foreign Secretary Anthony Eden today announced that the administration of Madagascar recently occupied by British forces, is being handed over to General Charles De Gaulle's Fighting French Forces Committee, which representatives and other officials he said, have been excluded from Madagascar.

### Axis Stand Probable At Agheila

By LEON KAY  
CAIRO, Nov. 18.—(BUP)—Gen. Sir Harold Alexander, middle east commander-in-chief whose forces were within 70 miles of Bengasi, according to today's communique, believes the fleeing Afrika Korps of Field Marshal Erwin Rommel may attempt a last stand at El Agheila, about 150 miles farther along the curving Libyan coast.

"He intends to fight," Alexander said. "Because he hopes that if he can maintain the Agheila zone he will reach a stalemate. He is certainly doing his utmost to get reinforcements by sea and air, and he is certainly making preparations as a defensive position with mine fields and barbed wire. Misurata (Tripolitania port about 300 miles west of El Agheila) also is being fortified."

No abandonment.

He warned that Rommel has no intention of giving up the zone.

Several of the school principals mobilized the boys for this work on Tuesday, and they rendered useful service that the school board members, Wednesday morning, advised the principals to make the plan school grounds to be cleared of snow and ice, and to have the work done by the end of the week.

### Laval Will Get New Authority Navy Minister

VICHY (From French broadcasts). Nov. 18.—(AP)—Pierre Laval, chief of the Vichy government, today announced that he had been given a decree signed by Marshal Pétain, authorizing him to make a special journey tomorrow, to the Soviet Union, to discuss the peace negotiations.

He also said Laval had been appointed the chief presumptive to Marshal Pétain as chief of state, after the death of the latter.

### Guns in Action

DOVER, Eng. Nov. 18.—(CP)—British long-range coastal guns today shattering the bombardment of German positions on the French coast.

### MUST WORK, FIGHT Roosevelt Hails Successes But Warns United States Gigantic Task Still Ahead

By J. F. DANBERSON  
WASHINGTON, Nov. 18.—(CP)—President Roosevelt today hailed United States successes in Africa and the Pacific as an apparent "turning point of this war," but added a warning that there is time only for working and fighting, none for exultation.

Earlier he had described the recent naval battle in the Solomons as the "most important victory for the Allied cause. Last night, addressing the House of Representatives, he said the United States was "in a position to win the war."

He said the United States was "in a position to win the war."

### Nazis Recall Troops From Russia Front

LONDON, Nov. 18.—(CP)—Reuters News Agency said that the German broadcast a report today that the Germans were recalling troops from the Eastern front.

"Almost all passenger trains in Hungary and Croatia have been cancelled," it quoted the broadcast as saying. "Railway traffic for Genoa and Siquera (possible embarkation points for North Africa)—is passing through these countries."

### Schoolboys Aid Snow Clearing All Over City

Thousands of Edmonton school boys swung into action Wednesday, clearing the sidewalks and making a lane through the grounds to the city and school entrances.

The school boys, who were organized by the city, continued digging themselves out of the snow and ice, and clearing the sidewalks and school grounds.

Several of the school principals mobilized the boys for this work on Tuesday, and they rendered useful service that the school board members, Wednesday morning, advised the principals to make the plan school grounds to be cleared of snow and ice, and to have the work done by the end of the week.

### C.C.F. Policies Are Scored by Navy Minister

WINNIPEG, Nov. 18.—(CP)—Navy Minister Macdonald today addressed here tonight said that the C.C.F. policy in regard to the navy was "a Socialist party's policy" and that it was "not a policy of a responsible government."

Speaking at a rally in support of Koehn Johannessen, Liberal candidate in the Nov. 20 Winnipeg North Centre federal by-election, Mr. Macdonald said the C.C.F. advocated a planned socialist order.

Such planning, he said, included abolition of private property and production and sale of goods "ultimately lead to one result and that is dictatorship."

### CONTROL INDUSTRY

The minister said the C.C.F. believes the government should take control of industry and production under severe control. "In England this was suggested by the strong socialist party," he said.

He said the C.C.F. was "heavily tinged with socialism" and that it was "a party of the future."

He said the C.C.F. was "heavily tinged with socialism" and that it was "a party of the future."

### CONDEMNED WAR ACTS

The C.C.F. also condemned the war acts of the Canadian government, particularly the government's policy of sending Canadian troops to the front lines.

### Said Resigned

OTTAWA, Nov. 18.—(CP)—Elliott M. Little, director of national selective service, who is reported to have resigned his post over differences of opinion with Labor Minister Mitchell, today said he was resigning.

The C.C.F. said that Elliott M. Little, director of national selective service, who is reported to have resigned his post over differences of opinion with Labor Minister Mitchell, today said he was resigning.

The C.C.F. said that Elliott M. Little, director of national selective service, who is reported to have resigned his post over differences of opinion with Labor Minister Mitchell, today said he was resigning.

### Ottawa Paper Reports Little Has Quit Post

OTTAWA, Nov. 18.—(CP)—The Ottawa Evening Citizen said today it had learned from a "reliable source" that Elliott M. Little, director of national selective service, who is reported to have resigned his post over differences of opinion with Labor Minister Mitchell, today said he was resigning.

The C.C.F. said that Elliott M. Little, director of national selective service, who is reported to have resigned his post over differences of opinion with Labor Minister Mitchell, today said he was resigning.

The C.C.F. said that Elliott M. Little, director of national selective service, who is reported to have resigned his post over differences of opinion with Labor Minister Mitchell, today said he was resigning.

### DIFFERENCE OF OPINION

"From a third quarter, however, came the information that when an announcement is made in respect to Mr. Little's resignation it will come from the prime minister. The war cabinet is meeting this afternoon."

"A difference of opinion in respect to principle" is said to be the cause underlying Mr. Little's resignation.

### Spain May Fight If Nazis Invade

NEW YORK, Nov. 18.—(AP)—General Francisco Franco's partial mobilization of the Spanish army today interpreted by European leaders last night as a definite warning that Spain is not going to allow any German invasion without resistance.

A dispatch from reliable informants abroad said the Spanish move was a warning that Spain would fight if the Nazis invaded.

It was speculated that the message might relate to the possibility of Bolson casting his lot with the Darlan group and other Pro-Allied French leaders in North Africa.

### British and American Planes Provided an aerial umbrella for the developing Tunis offensive.

Continued on Page 2, Col. 5

### ALLIED HEADQUARTERS IN NORTH AFRICA

—Lt. Gen. Kenneth Anderson's British-American army, already within Tunisia, was thrusting tonight from the border eastward toward the Tunisian naval base of Bizerte under a powerful protecting umbrella of planes. Airpower was reported to be playing a key role in the mastery of Tunisia and, it was indicated, the Germans were trying to rush large fighting forces in from Sicily and Sardinia.

LONDON, Nov. 18.—(BUP)—Radio Moscow announced today that the Soviet Union was moving northward from the Soviet-Chief area of French Equatorial Africa against Axis troops in North Africa.

By EDWARD W. BEATTIE  
LONDON, Nov. 18.—(BUP)—Radio Moscow announced today that the Soviet Union was moving northward from the Soviet-Chief area of French Equatorial Africa against Axis troops in North Africa.

By EDWARD W. BEATTIE  
LONDON, Nov. 18.—(BUP)—Radio Moscow announced today that the Soviet Union was moving northward from the Soviet-Chief area of French Equatorial Africa against Axis troops in North Africa.

### Revolt Aids Capture Guns Turned on French Fascists By Other Frenchmen as Oram Fell

By PHIL AULT  
WITH AMERICAN FORCES IN ORAN, Nov. 18.—(AP)—The French officers and troops who will form the foundation of a new French army to fight the Axis include some who turned their weapons on French fascists in the city of Oran, where the occupation began.

Under the agreement reached between the two Axis powers, Germany and Italy, which up to now were regulated by the armistices with the two Axis powers, have been under consideration in recent meetings of the Vichy cabinet.

The Vichy agency said reports were current that there would be an early reshuffling of cabinet posts and that Pierre Laval, chief of government, would emerge with more extensive powers.

### Bamboo Telegraph Carries News of Jap Naval Defeat

MELBOURNE, Nov. 18.—(CP)—News of the Japanese naval defeat in the recent battle of the Solomons Islands is circulating by "bamboo telegraph" in the territories occupied by the Japanese. Dr. De La Valette, Far Eastern liaison officer attached to the British high commission in Canberra, said today.

Local Artists Win Successes In Army Camps

On the train at Smithers, B.C., Nov. 18.—(AP)—The success of the Canadian Legion Concert Party at four shows they have given to members of the 8th Canadian Division at Prince George, B.C., last Sunday and Monday, and French lives, and also made it necessary to go into a "mopping up" period in the North-West, which would have delayed an attack on Tunis, "and, we hope on Tripoli."

Mr. Roosevelt went over the statement at a press conference and said he thoroughly understood and approved a feeling here, in Great Britain, and in all the United States that in view of the history of the last two years, "no permanent arrangement should be made with Admiral Darlan."

The future of the French government, he said, will be established by the French people themselves after they have been set free by a United Nations victory.

# F.D.R. Clarifies Darlan Dealings

WASHINGTON, Nov. 18.—(AP)—President Roosevelt declared in a formal statement yesterday that political arrangements with the French in North Africa were "only a temporary expedient, justified only by the needs of the hour."

The president said the temporary arrangement with Admiral Jean Darlan, former chief of Vichy armed forces, was justified because it saved American and British and French lives, and also made it necessary to go into a "mopping up" period in the North-West, which would have delayed an attack on Tunis, "and, we hope on Tripoli."

Mr. Roosevelt went over the statement at a press conference and said he thoroughly understood and approved a feeling here, in Great Britain, and in all the United States that in view of the history of the last two years, "no permanent arrangement should be made with Admiral Darlan."

The future of the French government, he said, will be established by the French people themselves after they have been set free by a United Nations victory.

# U.S. Army Extends Communications In North Manitoba

OTTAWA, Nov. 18.—(CP)—The United States Army Signal Corps has undertaken a program to extend the existing communication facilities in northern Manitoba. The work is to be completed by early December. It is described as an "urgent measure in the national interest."

No details of the project have been made public. The fact it was being undertaken became known when an order-in-council establishing wage rates on the construction job was published in the government's weekly booklet, "Public Works Orders and Regulations."

The word Jehovah occurs nearly 7,000 times in the Old Testament.

# Bad Hearing & Head Noises

Catarrh of the Eustachian tube is the discovery of an American doctor, New York, that the cause of the most distressing form of deafness due to the Eustachian tube is the catarrh of the Eustachian tube. It is a condition which is often overlooked, but which is the cause of many cases of deafness. It is a condition which is often overlooked, but which is the cause of many cases of deafness. It is a condition which is often overlooked, but which is the cause of many cases of deafness.

## The Coal Situation is Critical!

When You Waste Heat You Waste Coal - You Waste Money

GET MAXIMUM HEAT FROM EVERY SHOVFUL OF COAL

Generate Heat Efficiently

1. Learn how to operate your furnace properly.
2. Keep your furnace clean at all times. A dirty, choked up furnace wastes a surprising amount of coal.
3. Have your heating system checked by an experienced service man.
4. Watch your temperatures. Avoid excessive temperatures. Overheated houses are bad for your health as well as your pocket-book. Maintain an even steady heat at 68° or less.
5. Watch the humidity. Keep your humidifying pans and equipment filled with water, and you will feel comfortable at a lower temperature.
6. Turn off all heat that isn't absolutely necessary and eliminate all needless ventilation. The temperature should be 65° or under at night.

Reduce Heat Losses

1. Don't try to heat sunrooms, garages, attic, or other rooms not kept live.
2. Keep fireplace damper closed when the fireplace is not being used. Otherwise, the draft will draw the warm air out of the house.
3. If you are a fresh air fiend and like to have your bedroom window open, turn off your heat and keep the door closed. Avoid chilling the whole house.
4. Take care of your hot water tank. An insulating jacket will save heat. Also, don't waste hot water. Replace washers on taps when they leak.
5. Use weather-stripping on all doors and windows. It gives added protection and saves coal.
6. Insulate your home where possible. It will take less coal to heat it, or less heat will be wasted.

Every time you SAVE a shovelful, you are helping to forge more weapons for Canada's fighting men. Without coal, there can be no tanks. Without coal, THERE CAN BE NO VICTORY!

Canada's coal is needed in ever-increasing quantities in every phase of our vital war programme. So, buckle down. Get your furnace into the fight—and keep it fighting!

## Winnipeg Grain

Winnipeg grain market was unsettled by reports of a heavy frost in the North-West, which would have delayed an attack on Tunis, "and, we hope on Tripoli."

Mr. Roosevelt went over the statement at a press conference and said he thoroughly understood and approved a feeling here, in Great Britain, and in all the United States that in view of the history of the last two years, "no permanent arrangement should be made with Admiral Darlan."

The future of the French government, he said, will be established by the French people themselves after they have been set free by a United Nations victory.

# The Bulletin's OPINION by Hal Dean

SPORTS EDITOR

TONIGHT'S basketball meeting billed for 8:30 at the Y.M.C.A. will very largely determine the pattern for the hoop game in Edmonton this season and it is accordingly imperative that all clubs in the city be represented.

William (Bill) Tait has been busy for the past week lining up for accommodation, applying one of the chief bottlenecks and Clare Hellingworth was hopeful last night of a central gym being secured where a double-header might be played once a week.

Also on the agenda is the election of the state of officers for the new senior league expected to consist of University of Alberta, Northern Alberta, R.C.A.F. training centre, U.S. Army Engineers, Latter Day Saints and Y.M.C.A. Name of the new six-team league will have to be settled.

Another important matter to be discussed is the suggested play-off next spring between the new senior league and the senior circuit which consists of No. 1 Y.M.C.A. Depot, No. 4 I.T.S., No. 2 A.O.S., U.S. Army Air Corps, New Army, and

Ed Tomic has the referee problem in hand and it is hoped that some experienced whistle men from amongst the United States players can be induced to help out. An experienced Calgary official, T. C. Roberts has already volunteered.

**SASKATCHEWAN JUNIOR**  
It is quite evident junior hockey is a thriving ground for a big part of this season in southern Saskatchewan. And up to yesterday when the Army team reversed a former decision, it looked as if Regina would have been without senior hockey for the first time in many years. Moose Jaw has now a senior squad of its own, but the Moose Jaw senior club is using the Jaw rank for its home ice.

Junior setup in south Saskatchewan is a four-team league—Moose Jaw Canucks, Notre Dame Hounds, Regina Abots and Navy Cadets (Commandant's team).

**Leo Back at Short?**

## Durocher-Rickey Parley Results Due on Thursday

NEW YORK, Nov. 18.—(AP)—Branch Rickey and Leo Durocher wrestled vocally for eight hours Tuesday over the management of the Brooklyn Dodgers and at the end the new president announced that he will announce Thursday afternoon whether Durocher will return as pilot in 1943.

The conference brought together two eloquent conversationalists—Rickey the orator and Leo the Lip. The pair met for breakfast and finished in a draw in mid-afternoon with only momentary interruptions in between.

Rickey made it clear that one of the principal points involved in Durocher's personality and the way he conducts the swashbuckling Dodgers.

There seems no doubt that Durocher, who had a somewhat tricky bonus arrangement last year that may have brought him in excess of \$30,000, is being asked to take a cut and the amount apparently depends on whether or not he will return to the roster as an active player at the age of 37.

"I used to think he was a corking good shortstop," declared Rickey, "and in my judgment he still is a good player, if he would only think so. That could also be part of the question before us."

**E.A.C. Junior Gridders Banquet**  
Edmonton Athletic Club is banquetting its Junior football squad at the Royal George on Friday at 8:30 p.m. A general fund-raising dinner will be given for all who participated in any of the club's games.

**Hoop Meeting**  
An important basketball meeting is being held at the Y.M.C.A. tonight at 8:30. All clubs in the city are invited to send representatives.

**EGO BATTLE**  
During the last century, an old Spanish custom at Easter feasts of throwing of eggs filled with perfume was replaced by revellers. The shells were emptied and filled with the cologne, and everyone had fun popping them over the heads of other celebrants.

**Football Still Simmers**  
WINNIPEG, Nov. 18.—(CP)—In an open letter addressed to A. W. Matthews, president of the Canadian Rugby Union, Edward A. Armstrong, sports editor of the Winnipeg Free Press, Tuesday stated that it was within the president's power to order an East-West game, and "that's what the boys in the services want."

He suggested that you quit concentrating in the R.C.A.F. Command as the source of all the trouble. Armstrong said: "What has the C.R.U. done but passing on the Ontario football Union suggestions?"

The O.F.U. proposed that the western champions, Winnipeg Blue Bombers meet the winners of the

the Ottawa Senior City League Nov. 28 in a Canadian semifinal and the winner of the series meet the O.R.F.U. champion Dec. 5 in the final.

Armstrong urges that in the future the C.R.U. meet in July or August, decide the date for the division final, and instruct all unit managers of the date on which they do make a winner to play.

He speculated his letter with: "So far we're waiting to see whether the C.R.U. is more than a C.R.U. or whether the C.R.U. with you as president is running football."

—And I'll miss you, too, darling: SAY, is that CHICKEN your mother's cooking?

# Hollett Puts Skids Under Habitants In Saskatchewan Hockey

REGINA, Nov. 18.—(CP)—Officials of the Saskatchewan Senior Hockey League Tuesday night announced the entry into the circuit of the Regina Army team.

The return brought to five the number of clubs in the top. Other members are the R.C.A.F. teams of Saskatoon, Yorkton, Moose, and Flin Flon.

Officials said the Regina team withdrew from the league last week-end "due to a misunderstanding." A 24-game schedule will be launched as soon as possible.

Military authorities here explained that the team's objection was playing in a service league in which Flin Flon, a civilian club, participated.

Name of the league originally was the Saskatchewan Senior Services League. But it was changed at a meeting in Saskatoon last week-end.

Because of this military officials said, there is no objection to the team from No. 120 basic training center participating in the league.

The Flin Flon team will be composed of players engaged in war work at Flin Flon.

The Army team has been practicing here for some time and it is understood that L. Cpl. Murray Armstrong, formerly with Brooklyn Americans in the National Hockey League, will play.

Other former N.H.L. stars on the squad at present include Don Metz, Toronto Maple Leafs, and Bryon McDonald, Detroit Red Wings.

Regina will make only one trip into Flin Flon during the season. Officials decided at the Saskatoon meeting to reduce travel wherever possible.

League members now are drafting a rough schedule for submission to clubs and officials said it now may not be necessary to hold a scheduled meeting at Regina this Saturday.

## 25 Entries for Melbourne Cup Next Saturday

MELBOURNE, Nov. 18.—(CP)—Publicists here today announced 25 acceptances for the Melbourne Cup, Australia's most famous horse race.

Twenty-five entries were announced for the race, which will be run on Saturday.

The weight of 129 pounds was assigned to Tranquil Star, closely followed by the 128 pounds that Skipton will carry.

Other entries, with their weights: Painted Beauty, 125; Mulkai, 122; Spearman, 114; Will, 112; Fairclaire, 110; Dora, 110; Guider, 108; Hestia, 108; Silver, 105; Great Britain, 104; Phoenix, 103; Royal Peter, 103; Thistle, 102; Grain Trader, 101; Son of Aurora, 101; Colman, 100; Hearts Desire, 100; Mercury, 98; Moustier, 97; Alamed, 91; Pindri, 91; Manawatu, 91.

## Would Award Title to Pen

HARTFORD, Conn., Nov. 18.—(AP)—The National Negro Amateur basketball commissioner Frank S. Cooney says he will ask the National Boxing Association to recognize Willie Pep as the undisputed champion of the world if he beats Chalky Wright at New York Friday night.

New York recognizes Wright, a California Negro, as featherweight champion. But the National Boxing Association favors Jackie Wilson of Pittsburgh.

# Alberta District News in Brief

## Rosalind Sends Parcels Overseas

ROSALIND.—Eleven parcels have been forwarded to district men serving in the armed forces overseas. Parcels have been mailed to Bill Hendel, Ken MacDonald, Ross Kennedy, Louis Endres, Arne Gustafson, Jesse Rasmussen, Leif A. Jensen, Oskar Goshorn, Peter, P. Blom, W. E. Williams and S. Bakke.

The committee in charge received donations of \$2.95 for the parcels, assistance being given by the following: Catholic Women's League, St. Greenway W.A., St. children's Halloween collection, \$7.05; cash boxes in excess, \$8.90.

A sum of \$35 was realized from the annual chicken supper recently by the C.W.L. ... Adolph Buckle visited Canelan recently. Mr. and Mrs. Roland Leitch were visitors at Owen. ... A shower was held recently for Mrs. Harold Endres, nee Cecilia Weiler. Mrs. M. Olsen and Alma have moved to Dryden and Mr. and Mrs. P. Olsen have moved to the Dairy farm.

## Dairymen Urge Increases For Butter Prices

TORONTO, Nov. 18.—(CP)—An increased price for butter and a higher bonus for milk producers were urged by members of the Ontario Creamery Association at the opening of the 29th annual convention here yesterday. Resolutions covering the increases will be considered today. "We are not keeping pace with the present demand," said H. W. Coleman of Carleton Place, president of the association. "We're not going to be able to keep up with future war demands, according to the present trend, or to the postwar demands which undoubtedly will be greater."

## Is Promoted Bashaw Veteran Passes at 60: Was Sergeant

Lieut. R. Mahaffey

BASHAW.—Funeral services were held recently for Hugh J. McNair, 60, who died suddenly from a heart attack. Services were held in the United Church at Mirror, with Rev. L. Thompson, assisted by Rev. J. Birchall, conducted the service.

Mr. McNair saw service in the First Great War as a sergeant. For the past 30 years he resided at Mirror, and at the time of his death was assisting his brother-in-law, the McNair Bros. store at Bashaw. He leaves his wife; two sons, Glen and Bill; two sisters, Clara of Vernon, Sask., and Mrs. A. Black of Parkland, Ont.; and a brother, Jack of Bashaw, Ernest of South Lake, Man., Douglas of Vancouver and Archie of Brudenbury. The Canadian Legion conducted graveside rites, interment taking place at Mirror.

KITSQUITO.—Lieut. Raymond Mahaffey has been promoted to full lieutenant at Camp Petawawa, Ont., according to word received by his parents, Mr. and Mrs. C. A. Mahaffey.

Born in Kitscoty in 1918, he attended Kitscoty high school and the Vermilion high school, and graduated in law from the University of Alberta. In 1940 he won the C.W.E. prize in law and a university scholarship. In 1942 he was awarded the Chief Justice's gold medal in law and the Sydney Wood memorial prize in constitutional law.

A sergeant in the C.O.C., he was commissioned as a second lieutenant in the active army. He now has been promoted as a full lieutenant.

## Wildwood Folk Honored at Fete

WILDWOOD.—A combined farewell party for Mr. and Mrs. A. Schmidt, C.N.R. agent at Wildwood for the past 17 years, and Mr. and Mrs. Eric Skog, former local store manager, was held in the community hall, recently. Mr. Schmidt has been transferred to Vegreville as C.N.R. night agent, and Mrs. Skog has taken a position with an Edmonton packing firm.

The guests of honor received purses of money from their Wildwood friends. The children of both couples, Ernie and Laverne Skog, and Robby and Allan Schmidt, were entertained by their Lutheran church Sunday school class.

The comforter raffled by the Catholic Women's League was won by E. P. Stafford, Wildwood. Mr. Stafford is receiving treatment for a broken leg. Eddie Reid, a resident of a local cafe, has left working away from home recently.

Mrs. Pearl Gordon has returned from Saskatchewan to stay with her father, Mr. Preston. Ernie Brown has been employed as a clerk in the Williamson store. Mr. Dickson, also working in the store.

## Arrives Overseas As Allied Aim Following War

NEW YORK, Nov. 18.—(AP)—Queen Wilhelmina of the Netherlands said last night that the United States must be prepared to follow her in the event of a "great and understandable" but that revenge should not be "our guiding motive."

"Let justice be our aim—justice and firmness tempered by wisdom," she said in an address for the opening session of the New York Herald Tribune's two-day forum on overseas territory.

Her address was read by Dr. H. J. Van Mock, Netherlands minister of overseas territory.

"Revenge is barren, except in that it breeds revenge," she said. "Irreconcilable or excessive measures are just as bad as no measure at all. That has not always been remembered. Let us not lose sight of it again. We must be firm, realistic, far-sighted. The future of those who come after us is at stake, and for that future we have a large extent, responsible."

Queen Wilhelmina pledged support for the United Nations and those who are willing to make a genuine contribution towards peace, justice, and freedom, towards the free world, as a free and independent world with a sincere spirit of co-operation.

"We hope that we may count upon the same spirit in the relations," she said. "Twice in a century we have had international peace and prosperity are indivisible. International co-operation is not only a duty, it is a duty in this war but after it."

INTERNATIONAL ORDER.—The Chinese government of China said that in order to achieve political, social and economic justice in the world, the United Nations must start at once to "organize an international system embracing all peoples to enforce peace and justice among them."

Mr. Cook came to Lloydminster in 1913 and has been active in civic affairs. He has been a public school board trustee for the past 25 years, serving as chairman for several years. He was also reeve of the town and village.

## R.A.F. Picture Snatcher Most Decorated Ace

LONDON, Nov. 18.—(CP)—Pit-Lt. Adrian Warburton, D.S.O., D.F.C. and Bar, who pops up every six months with a decoration, has done it again. That places the 34-year-old ace photographer in the third place among the most-decorated heroes of the Royal Air Force.

This time he was awarded a second bar to his D.F.C. and now is an active squadron leader. The ace was decorated because he directed an enemy destroyer to a ding

## PROBLEM GROWING ACUTE IN CITY SCHOOLS

# Parent-Education Urged to Combat Child Malnutrition

### Fifth of Those Examined Found to be Underweight Doctor Reports to Board

Need for education of parents regarding the proper nourishment of their children was stressed by Dr. G. E. Sparrow, medical health officer to the board, as he reported to the Edmonton public school board Tuesday evening that more than one-fifth of the students given physical examination during October were underweight. He said that of the 381 grades one to four students examined, 83 were reported underweight.

He said that considering the newer works on nutrition, and especially the findings of a nutrition survey made by members of the staff of the University of Alberta, there should be more education of the parents regarding the essential foods for proper nourishment and regular growth.

"When parents are told that their child is underweight, they are inclined to go to advertised foods and bottles of medicine, where as in the vast majority of cases, the proper treatment is the inclusion regularly of essential foods such as whole wheat bread, or bread baked from Canada approved flour; milk, eggs, fruits, raw or cooked, vegetables, some of which should be green or yellow, meat, butter and cheese. In winter, the report states, some preparation containing vitamins A and D should be given."

**PARENTS' PROBLEM**  
"I am firmly convinced that it is the parents who need the education in regard to the proper nourishment of their children and themselves. Dr. Sparrow stated in his comment that giving talks to the children in school does not seem to bring the desired results.

The trustees took a serious view of the situation disclosed by the medical officer's report, and unanimously agreed that some form of educational work should be undertaken. The form of this campaign was not determined by Dr. Sparrow was requested to bring down recommendations to the next meeting of the board. Dr. Sparrow reported that the response to the vaccination campaign against smallpox was excellent, and that 3,135 vaccinations were given to pupils, preschoolers, parents and teachers. The value of this preventive treatment, he reported, will be apparent when it is noted that 75 per cent of the incoming pupils this year were vaccinated.

Children learn to swim almost as soon as they learn to walk in New Guinea. Each child is given a canoe at an early age.

### Saw Today

### Officials Plan Go Wednesday To North Point

Representing the Alberta government at the official opening of the Alaska highway on Friday, Hon. William A. Fallow, provincial minister of public works, expected to leave Edmonton by Canadian Pacific Airlines plane Wednesday afternoon.

A plane from the north was scheduled to arrive early in the afternoon and leave again on the return trip north within the hour. It was reported weather conditions might force a change in these plans. The highway opening ceremony will take place at Klutane Lake on the Yukon-Alaska boundary on Friday. The party from Edmonton is scheduled to fly to Whitehorse Wednesday, leaving there by truck Thursday for the 250-mile trip to North Point. It is expected the party will arrive back in Edmonton Saturday or Sunday, depending on weather conditions.

### City Officers Win Army Promotions

Capt. W. Bransley-Moore, who resided at 19621 83 avenue, who is serving with the 8th Field Ambulance R.C.A.M.C. overseas, has been promoted to major. It has been announced that he has been promoted to major. It has been announced that he has been promoted to major. It has been announced that he has been promoted to major.

The annual round-up banquet and dance of the Northern Alberta Pioneer and Old-Timers' Association that was to have been held on Thursday, has been postponed for two weeks because of the snowfall, which blocked many roads.

### Board Chairman

W. G. McConachie

re-elected public school trustee for his third two-year term on Thursday, Nov. 12, was named chairman of the public school board at the inaugural meeting of the board held Tuesday evening. He succeeds A. E. Ottewill, who has been chairman of the board for the past three years.

The board accepted the resignation of Miss Jean Alan of the school stenographic staff, and granted leave of absence to Miss Jean Thompson, both of whom have joined the armed services.

Request from the Navy League of Canada, Northern Alberta branch, for permission to distribute envelopes to students in all high schools in the province, in aid of the League's work among merchant seamen was granted on the motion of L. G. Hyndman, K.C.

Interest in city schools at the end of October, 1942, was 14,236, compared with 14,609 at the end of the same month last year, a decrease of 374.

### W. G. McConachie Named Chairman Of School Board

W. G. McConachie, re-elected for his third two-year term at the November 12 municipal election, was named chairman of the Edmonton public school board at the inaugural meeting held Tuesday evening.

He succeeds A. E. Ottewill, for the past three years chairman of the board. Mr. Ottewill has been chairman of the board on seven occasions, and has been a member for 16 consecutive years.

Mrs. W. J. Ross, who headed the public school poll, was re-elected chairman of the school management and health committee; M. M. Downes, of the school committee; R. L. Sutherland of the finance committee and L. D. Hyndman, K.C., of the conference committee.

**ELECTION RESULT**  
Prior to the naming of the chairman the official declaration of the election result was read by H. G. Turner, secretary-treasurer of the board.

Mr. Ottewill was appointed the new representative on Edmonton public health board.

The board accepted the resignation of Miss Jean Alan of the school stenographic staff, and granted leave of absence to Miss Jean Thompson, both of whom have joined the armed services.

Request from the Navy League of Canada, Northern Alberta branch, for permission to distribute envelopes to students in all high schools in the province, in aid of the League's work among merchant seamen was granted on the motion of L. G. Hyndman, K.C.

### Snow Storm Means Loss \$50,000 in Two Days Street Railway System

Snow clearance costs and loss of revenue to the street railway department during the two days it was out of operation owing to snow tie-up will cost the city of Edmonton between \$40,000 and \$50,000, in the opinion of A. A. Campbell, city comptroller.

Although no accurate figures can be obtained as to loss to city merchants and industrial houses through the storm it is estimated that during the two days of tie-up hundreds of thousands of dollars turn-over was lost to the city's retail trade.

City Comptroller Campbell said that the initial cost of the clearing up of the storm would not reflect the actual cost, as the clear up work for the rest of the winter season will be materially affected by it.

Cost of the snow storm as a whole, including damage to city buildings and individuals, will run into many thousands of dollars.

**CUTTING TRAILS**  
City workers were struggling Wednesday, to open trails in the outlying districts of the city and enable coal distributors to deliver coal to residents in these areas who were desperately short of fuel.

Starting on Wednesday morning heavy equipment was at work in the Bonnie Doon, Calder, North Edmonton, Westwood, Delton, McRae, Lake Jasper, Fair and other districts opening up trails to permit truck traffic through the district.

Many families reported to the city engineer's office that their position was perilous, and that immediate supplies must be obtained. The city officials are co-operating to the limit with the coal delivery.

## Simpson's Edmonton Order Office

This office will be closed on and after Saturday, November 21st, 1942.

Simpson's are taking this action voluntarily to carry out the spirit of the recent Wartime Prices and Trade Board Order No. 184, respecting expansion of business.

After the war is won, the Robert Simpson Western Limited, hope and expect to resume this order office service for their many Edmonton customers at the same premises in the fine King Edward Hotel block.

After Saturday, November 21st, customers can mail their orders direct by letter to The Robert Simpson Western Limited, Regina, Sask.

We wish to express our thanks to the thousands of Edmonton customers who have used Simpson's order office during the short time it has been available for service.

THE ROBERT SIMPSON WESTERN LIMITED

### The Inquiring Reporter

Do you think there is danger of our becoming complacent because of the recent United Nations victories?

**THE ANSWERS**  
W. G. CASE, advertising manager: There is not the remotest chance of our laying down on the job now. I think we are broadminded enough to realize that this war is not over until the last Nazi is obliterated.

A. J. HUFF, businessman: I do think there is danger of complacency, and at such a time, this sentiment would be extremely dangerous for our own protection. While our successes have been very nice and very acceptable, it is far too early in the game to assume the war is won.

BETTY SPARLING, advertising copywriter: I certainly hope we are not swept along on a wave of optimism to the extent of losing our perspective about the war, and I don't really believe we will. We have had too many bitter lessons during the last three years. Naturally, the victories on all fronts that have been announced recently have given us all a big lift, but optimism and complacency are not synonymous.

### Military Orders

AND MEAS. 200. EDMONTON, Nov. 18. (Order by T. A. Co. R. W. Hale, M.C.O.)  
Parade: New regular parade of the battalion will be held Thursday, Nov. 24, at 10:45 hours, at the Prince of Wales stadium. The parade, Nov. 18 parade has been cancelled, but to the parade on Thursday. The Nov. 24 parade will be held at the stadium, and all ranks must attend in order to avoid penalties.

### Card of Thanks

The Executive of the Alberta School Trustees' Association wishes to thank the Edmonton Citizens who so kindly offered their homes to accommodate Convention Visitors. The delegates appreciated the excellent accommodation offered at no reasonable a rate.

## Daily War Map—Exclusively in The Edmonton Bulletin

## THE WAR TODAY

By JOHN COLLINGWOOD READE

The campaign to drive the Axis out of North Africa is proceeding smoothly, swiftly and with precision. The gap between the Eighth Army driving eastward from Egypt and the Anglo-American forces pushing westward from Algeria is steadily closing. The average daily advance is about thirty miles, which brings the jaws of the Allied pincers sixty miles nearer each day for each one of them is advancing. There may be a battle of some size and importance as British and American forces close in on Tunis and Bizerte, but a large American army is driving across Southern Tunisia below the peninsula which juts into the Mediterranean, and is making its way with all speed toward Tripoli.

Algerian units of Italian Infantry have made their appearance ahead of the British forces, but they were mopped up in short order by British parachute troops, who were flown in and dropped behind the enemy. In all these operations the tremendous progress of the Allied forces in the technique of modern warfare and in inter-service co-operation is apparent. The speed with which captured air fields and suitable sites for air fields have been converted into advanced operational bases for Royal Air Force fighters in the wake of the advancing armies is particularly impressive.

## SUBS SUFFER HEAVILY

For many months now, the United Nations have sought engagement with German air and naval forces. The day of victory has been brought swiftly nearer until the enemy's armed services have been battered and destroyed. The process of attrition caused by economic shortage, the disruption produced by strategic bombing and the floods of desert and sabotage is a slow process, which may take years for a long time. The immediate objective is to come to grips with the enemy's military power and break it. This enemy is now being accomplished. Every airpower has

## F.D.R. Clarifies Africa Political Arrangements

WASHINGTON, Nov. 18.—(AP)—The text of President Roosevelt's statement yesterday on the political arrangements made by Lt.-Gen. Dwight D. Eisenhower in North Africa.

I have accepted General Eisenhower's political arrangements made for the time being in northern and western Africa.

I thoroughly understand and approve the feeling in the United States and Great Britain and among all the other United Nations that in view of the history of the past two years, no permanent arrangement should be made with Admiral Darian. People in the United Nations are likewise would never understand the recognition of the reconstituting of the Vichy government in France or any French territory.

## OPPOSE HITLER AIDS

We are opposed to Frenchmen who support Hitler and the Axis. No one in our army has any authority to discuss the future government of France and the French Empire.

The future French government will be established—not by any individual in metropolitan France or overseas—but by the French people themselves after they have been set free by the victory of the United Nations.

The present temporary arrangement has accomplished two military objectives. The first was to save American and British lives on the one hand, and French lives on the other hand.

## TIME FACTOR

The second was the vital factor of time. The temporary arrangement has made it possible to avoid a "mopping-up" period in Algeria and

been redistributed and put into action in the Mediterranean in an effort to impede the Allied operations and in the hope of fending off the approaching attack against Axis Continental bases.

Enemy submarines, instead of ranging the wide Atlantic and striking now here, now there, at their own will are being operated in accordance with the needs of enemy defense and are therefore attacking Allied shipping off North Africa in areas where their presence was expected and where escorting warships are available in large numbers to deal with them. Mr. Churchill announced yesterday that thirteen enemy submarines have been sunk off the French North African coast, five of them in two days.

## SOME SHIPPING LOST

There have been rumors of great naval battles fought off the Algerian coast, and Berlin is boasting of the heavy toll which has been taken in the technique of modern warfare. We must expect that some shipping will be lost by enemy bombing and submarine attacks, but no attention should be paid to the figures published in the German papers. The German people are sure and be wildered by the turn of events and may be placated and heartened. As the Allies do not publish their own shipping losses in detail, it is always safe for Dr. Goebbels to write off a few hundred thousand tons of shipping and place it to the credit of the German Luftwaffe and submarine fleet.

Whatever the shipping sunk in North African waters, it cannot begin to offset the vast gain from the enemy's misplacement of shipping tonnage which will result from the reopening of the Mediterranean route to the East. So far as naval engagements are concerned, we need have no apprehension. Admiral Sir Andrew Cunningham was made commander of the Eastern Mediterranean fleet, to trounce squadrons of the most modern Italian

warships. Today he commands a powerful fleet of the most modern British and United States warships and enjoys very powerful air support. He will therefore welcome an opportunity to meet the Italian fleet and remove it forever as a threat, much less a power, in the Mediterranean.

## RUSSIANS FELT BETTER

There is no direct evidence as yet that the combat in Egypt and Northwest Africa have resulted in any great relief to the Russians. But we can hardly expect that this will be the case. The most immediate benefit to our hard-pressed allies will come from the rapid transfer of German air power. As a matter of fact, since the Allied armies have landed in Morocco and Algeria and Rommel has been pushed across the Egyptian border, the German attacks on Stalingrad have been made with reduced violence. This move is natural and to be expected. The need to withdraw the reserve forces far behind the battle lines in Russia and transfer them to Southwest Europe has made it all the more necessary that the Germans should anchor their exposed flanks and stabilize their lines so that they can protect themselves with the minimum number of troops and the smallest possible amount of mobile equipment.

Joseph Stalin's second letter to Henry Cassidy of The Associated Press, answering a new set of questions, marks a great change for the better in Anglo-Soviet-American relations. The Russian leader appears to be no longer doubtful that the victory in North Africa will have a considerable influence on the Soviet troops in the "near future". Very cordial and even enthusiastically appreciative statements by the head of the Soviet Union has raised the morale of the Russian troops and saluted them both of the good faith and the competence of their Anglo-Saxon allies.

This revival of a wavering faith will give the Soviet leader more heart for their winter offensive and will give the Allies a splendid promise for intimate and candid co-operation among the members of the Anglo-American-Soviet coalition after the war. And it should also have the advantage of putting new spirit into the Russian troops, who, according to latest reports, have been drawn closer to the camp of the United Nations.

## Nazi Say Amery's Son to Broadcast

BERLIN, (From German broadcast), Nov. 18.—(AP)—The Berlin radio said last night that "the son of a present British cabinet minister" will broadcast over the German radio Thursday evening and following nights.

In earlier broadcasts the Berlin radio had asserted that Joan Amery, son of L. S. Amery, British member of the House of Commons, had gone to Berlin voluntarily, but no mention was made of his intention to make radio addresses. The Germans are usually very revealing, but by the full story of what they are trying to build up as a great propaganda victory.

John Amery had been in Germany for some time, and his son is suffering from affliction of the lungs. Amery said his son is suffering from affliction of the lungs. Amery said his son is suffering from affliction of the lungs. Amery said his son is suffering from affliction of the lungs.

In London L. S. Amery said his son is suffering from affliction of the lungs. Amery said his son is suffering from affliction of the lungs. Amery said his son is suffering from affliction of the lungs.

## Hospital Group Free French Names Officers Gratified by F.D.R. Stand

CALGARY, Nov. 18.—(CP)—James McDonald Taylor, Hanna, was elected to his eleventh term as president of the Alberta Municipal Hospitals' Association at the closing two-day sessions of the 22nd annual convention here yesterday.

N. McClellan, Vermilion, who has been vice-president for a number of years was also returned to office while Arthur W. White of Hanna was elected secretary. Other members of the executive returned include G. H. Weber, C. O. Savage and G. E. Clay.

## AMENDMENT ASKED

The minister of health will be asked to amend the Hospital Act to provide payment of hospitalization of persons and dependents who have established residence in any municipal district, local improvement areas, town, or village according to a resolution passed yesterday.

Another resolution accepted was that of giving the right to the association to make an appeal to the Dominion government. Selective Service Board to take any action it may deem advisable to insure that sufficient help is made available for the maintenance of efficient services in hospitals.

Dr. W. W. Cross, provincial minister of health, in addressing the convention during the morning session assured the delegates that the government is ready to review any improvement of the municipal hospital scheme.

He suggested a unified system of administration for all hospitals. The department would like an outline from the various municipal districts on how hospital tax should be levied—should it be a many mills on assessment, so much per acre or per capita tax, or are there cases in which all three should apply? Dr. Cross wondered.

## SOMERVILLE'S PLAN

Suggesting that municipal hospitals establish an old folks home for "aged chronic", Dr. A. Somerville, medical supervisor of hospitals, explained to the convention this plan would help greatly in alleviating the nurse shortage and the congestion in many hospitals.

Such cases could be cared for by ward nurses under the supervision of a trained nurse for in many instances, he said, patients were left in hospitals by relatives who found them too difficult and yet they were not cases for a mental institution.

This, he continued, would call for a change in the act and secondly a cottage near the hospital.

## Italo Press Says Africa Situation Is Most Difficult

ROME, Nov. 18.—(AP)—Italian newspapers yesterday described the African situation as one of the most difficult and delicate moments of the war. The Axis press continued to do its best to assure the anxiety of German and Italian populations.

Berlin newspapers headlined the landing of German and Italian forces in Tunisia and asserted the Americans had been severely repulsed and that Allied supplies are being lengthened by the day.

Italo press said the situation in Africa is the most difficult and delicate moments of the war. The Axis press continued to do its best to assure the anxiety of German and Italian populations.

Italo press said the situation in Africa is the most difficult and delicate moments of the war. The Axis press continued to do its best to assure the anxiety of German and Italian populations.

## 110,000 New Homes Needed in Canada

OTTAWA, Nov. 18.—(CP)—From seven to 28 per cent of all households in 27 Canadian cities of more than 20,000 population last year were crowded households, defined as those with less than one room a person. The Dominion Bureau of Statistics reported yesterday.

## The findings were based on a 1941 census of housing covering about 150,000 households including approximately 1,000,000 people.

Covered by the survey were 18 per cent of the households and 29 per cent of the population of the 27 cities.

The bureau estimated it would require about 110,000 new dwelling units to give a separate home to each family in cities of more than

## Woman Learns to Fly 'Hard Way' As Plane Zooms Off When Cranked

GALESBURG, Ill., Nov. 18.—(AP)—Mrs. B. A. Freed learned how to pilot an airplane yesterday—learned it the hard way, while aloft alone.

Her experience began when she and her husband prepared to take off in his small monoplane. He cranked it from the outside. She sat in the cabin.

Somewhere or other the craft roared away and lifted into the air. Mrs. Freed then drew on the knowledge she had gained while watching her husband operate the

30,000 population. The crowded households included about 40,000 lodging families.

## BIGGEST "BOMB"

Compared to the great Arizona meteorite, the biggest bomb dropped in the present war are will come from the sky. The meteorite would have wayed Berlin or London off the map.

## Milk Delivery Service Is Struggling To Return To Normal

Milk delivery service to households will be resumed as soon as street clearing has been completed to an extent that will enable our men to reach a fair number of homes.

Please watch for announcements, which will appear in this paper and will be broadcast by radio.

Our grateful thanks are addressed to the retail merchants who so cheerfully gave their services in assisting us to provide emergency service under unprecedented difficulties.

To the public, we extend our thanks and appreciation for forbearance and co-operation.

The limited emergency service of the past few days has been carried on only through determined efforts on the part of your milkmen. They will continue working tirelessly to get service back to normal.

Please return empty bottles to the Store from which you get your Milk. This is URGENT.

## The Edmonton City Dairy Limited Northern Alberta Dairy Pool Limited

## Woodland Dairy Limited

## Milk Consumption Is Greatly Increased Throughout Canada

OTTAWA, Nov. 18.—(CP)—If health and strength are found in milk, Canadians ought to be growing healthier and stronger every day.

The Agriculture Department, the Prices Board and the Dominion Bureau of Statistics yesterday told a story of sharply rising fluid milk consumption in Canada, at a time when production of cheese and butter, and demand for those products are creating serious shortages.

The drain on milk supplies has led to talk of butter rationing, but Prices Board officials said hope still remains that increasing production will keep pace with slight demand.

For all Canada, fluid milk sales in September were 23 per cent above those of the same month last year. For nine months of 1942 consumption was 85 per cent higher than in the same period of 1941.

## Two Will Contest Salmon Arm Seat

SALMON ARM, B.C., Nov. 18.—(CP)—Under the leadership of George F. Stirling, C.P.F. yesterday announced officially to contest the Nov. 23 election necessary by the recent deaths of the late Mr. Stirling, a member of the provincial legislature for Salmon Arm who was minister of public works in the Liberal-Conservative coalition government.

In the winter, you can see a strange sight at Santa Barbara, Calif. Because of the unusual cold of the season, you are able to see the ocean in winter and the Pacific coast.

ALL ADVERTISEMENTS IN THIS EDITION OF THE ALBERTA LAMBERT CONTROL BOARD ARE THE PROPERTY OF THE PROVINCE OF ALBERTA.
